Researching Health Needs: A Community-Based Approach (Paperback)

By Judy Payne

SAGE Publications Inc, United States, 1999. Paperback. Condition: New. Language: English. Brand new Book. `[It is] difficult to find a single volume that addresses the specific range of methodological challenges [in] health needs assessment. Judy Payne's book is a very welcome answer to this problem. [This book] offers a lucid d logical exposition of the research process. It begins with a short introduction to the relevant policy context and a clarification of the terms `health', `need' and `community'. The following chapters cover the planning stage of a project. The book then moves on to the empirical stage of research. The volume concludes with a number of short case studies. It uses research terminology judiciously, providing clear explanations and illustrations. A useful selection of references to additional texts is also given. [T]he identification of a range of typical problems associated with the interpretation of official statistics will help would-be investigators to avoid drawing wrong conclusions about the health status of different groups. There is a useful and succinct description of a number of deprivation indices, together with relevant references. The sections on sampling strategies and the analysis of statistical data are particularly good in terms of coverage, clarity and explanation of...
