Adventures Unlimited Press, United States, 1999. Paperback. Condition: New. Language: English. Brand new Book. Not just a whacked-out look at science fiction, this is an authoritative chronicling of real-life time travel experiments, teleportation devices and more. It takes the reader beyond the government experiments and deep into the uncharted territory of early time travellers such as Nikola Tesla and Guglielmo Marconi and their alleged time travel experiments, as well as the Wilson Brothers of EMI and their connection to the Philadelphia Experiment -The US Navy's forays into invisibility, time travel, and teleportation. Childress looks into the claims of time travelling individuals, and investigates the unusual claim that the pyramids on Mars were built in the future and sent back in time.
